PARS KOMPLEMENTY – WE ARE VISIBLE PART OF YOUR SAFETY JOURNEY

ABOUT US

Pars Komponenty s.r.o., Malá Strana 451, Studénka, CZ742 13, Czech Republic
tel.: +420 556 455 000, fax: +420 556 455 010, www.parskomponenty.cz

PARS KOMPLEMENTY

We are a Czech engineering and production family business founded in 1998 with a **manufacturing tradition** dating back **more than 115 years**.

Included in what we do is **the production of components for rolling stock**, light rail vehicles, metro, commuter and regional trains, passenger wagons and locomotives.

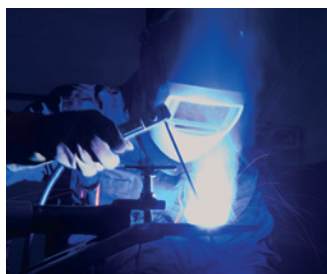

Our own **design and engineering team** is supported by **complete in-house production technologies**. We have CNC precision machining, 3D bending, fully certified A1 bonding and CL1 welding, paint shops including both powder and liquid system, and a final assembly shop.

Our **professional service and support team** provides first article installations, trainings, technical support and all kind of on-site services, as well as an after sale spare parts management and logistics.

**IMPROVING YOUR LIFE
THROUGH INNOVATIVE
MOBILITY SOLUTION.**

TECHNOLOGIES

MACHINING • BENDING • BONDING • WELDING

MACHINING

Precision machining with specific rolling stock production know-how.

BENDING

State-of-the-art 3D bending technology.

BONDING

Fully certified A1 bonding process according to DIN 6701.

KLEBEN
TK

WELDING

Highest achievable certificates for welding.
CL1 according to
EN 15085.

TECHNOLOGIES & CLIENT CARE
PAINTING • ASSEMBLY • SERVICE • DESIGN

PAINTING

Precise powder coating and liquid spraying technologies with chemical pre-treatment process.

FINAL ASSEMBLY

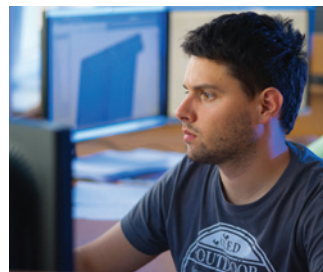

Final assembly, packaging and logistics.

SERVICE

Profesional service by brand name manufacturer.
Service and spare parts.
Instalation from single piece to the serial production.

DESIGN

Own design and engineering team for realization of various projects.
